

Marshfield Energy Generation Initiative Survey

Number		Yes	No	Maybe
1.	I am worried about climate change			
2.	I would support initiatives, by the village community, to work towards being carbon neutral			
3.	I support applying for a grant to explore the potential for creating a 'community benefit' solar farm			
4.	I would be interested in investing in a viable community energy project that provides a fair return			
5.	I support the MCLT* Energy Group managing this project [*Marshfield Community Land Trust (MCLT) is a registered local community benefit society]
